RE: Project I.D. 4540-38-00  
Cedar Grove – Sheboygan Falls  
County V Intersection  
WIS 32  
Sheboygan County

Please join the Wisconsin Department of Transportation (WisDOT) Northeast Region for a public involvement meeting (PIM) to discuss proposed improvements to the WIS 32 and County V intersection in Lima, Wisconsin.

The meeting is scheduled for **Tuesday, February 4, 2025, from 5 p.m. to 6:30 p.m.** at the Lima Town Hall, N3689 Co Rd I, Sheboygan Falls, WI 53085. A brief presentation will begin at 5:15 p.m. The remainder of the meeting will follow an open house format.

The purpose of this project is to improve the safety of the intersection while providing acceptable traffic operations. The proposed improvements include reconstructing the current two-way stop-controlled intersection as a single-lane roundabout.

The objective of this meeting is to provide background on the project and to gather your input and feedback on coordination needs and construction related impacts that may occur.

We have developed a project website with proposed improvements and exhibits that will be updated as the design progresses. This website will be available after the PIM at the below URL:

- <https://wisconsindot.gov/Pages/projects/by-region/ne/32cthVinterSheb/default.aspx>

If you cannot attend the meeting, the website will include all the meeting exhibits and presentation uploaded soon after the PIM. Also included on the website are various methods to provide project comment.

We look forward to meeting with you. If you are deaf or hard of hearing and require an interpreter, you may request one by contacting me at least three working days prior to the meeting.

If you have any questions, or if you cannot attend the meeting but would like to find out more about the project, please contact me at (920) 492-3511 or at [sarah.ericson@dot.wi.gov](mailto:sarah.ericson@dot.wi.gov).

Sincerely,

A handwritten signature in cursive script that reads "Sarah Ericson".

Sarah Ericson, P.E.
