REZONING HEARING

I need the following items returned to me **by 5:00 P.M. on the last Thursday of the month** in order to have a hearing on the fourth Monday of the following month (except that no hearings are held in December):

1. The completed, signed petition form.
2. The parcel identification number and the property address of the parcel to be rezoned, or the full legal description for a newly created parcel with no address or parcel #.
3. If the property is being split: a draft or preliminary certified survey map depicting said parcel. NOTE: A final and complete certified survey map will be required for Town Board approval, which takes place approximately two weeks after the public hearing.
4. A check payable to the Town of Lima for \$175.00.

If you have any further questions, please feel free to give me a call.
