April 2, 2020

To all residents and landowners on Ourtown Road,  
Re: Ourtown Road Improvement Project

Dear Property Owner:

Hello. The work on Ourtown Rd Rebuild will begin soon! Environment and Engineering is complete. All Utilities will be replaced on the Right of Way. We Energies has informed me that in some areas, new poles will be placed on the opposite side of the road. Please call them with any questions at 414- 507- 1030.

Remember, the right of way is 33 ft from the center of the road so all vegetation will be removed and new ditching will be constructed. All existing driveways will have new culverts installed. Look for the road to be temporarily closed soon for culvert replacement. Otherwise, the road will remain open for local traffic and emergency vehicles. Mail Boxes may have to be relocated during construction.

All work will be performed by Sheboygan Co Highway Dept. New road bed will be constructed and Paving will be done in 2021. To see an example of the completed project, please drive on Miley Rd.

Normally, we would have a meeting on this to explain things and receive your input, but, as you know, that is impossible at this time.

Thank you for your cooperation.

Sincerely,

Chuck Born, Town Chairman
